

MAFA Agro Module Silo

INDUSTRY

MAFA Agro Module Silo is a simple modular indoor silo made of hot-dip galvanized sheet metal. The silo is available in several sizes, square or rectangular. The cone is available in both 45 ° or 60 ° inclination. The outlet is 300x300 mm and equipped with sliding shutter. Inspection hatch and roof are included as standard. Inlet pipe and vent with filter bag and a number of different auger boxes are available as options.

The silo is delivered as a kit, which means that transport and assembly can be easily adapted after existing building.

Advantages of MAFA Agro Module Silo:

- Maximum utilization of space for volume when placed in a corner or next to each other.
- Easy to assemble
- Low shipping costs, delivered in kit

Technical information

Model	Dimensions W x D, mm	Total height m	Volume m ³	Max ton
MAFA Agro Module Silo 45°/ 60° cone				
A100	1050 x 1050	1,20 - 4,72	0,14 – 3,40	0,08 - 2,21
A125	1300 x 1300	1,20 - 4,72	0,28 – 7,01	0,18 - 4,56
A150	1550 x 1550	1,55 - 5,08	0,50 – 8,27	0,33 - 5,38
A200	2050 x 2050	1,56 - 5,58	1,23 – 15,53	0,79 - 10,09
A250	2550 x 2550	1,86 - 7,60	2,45 – 32,69	1,59 - 22,41
A300	3000 x 3000	2,06 - 7,90	4,06 – 49,43	2,64 – 32,13

Maximum content, based on 780 kg/m³

The height increases by 0.12 m with the option of inlet/deaeration.

No inspection hatch on the silos that only consist of cone with legs.
